## **ELECTRO-PROJECTIONS & ELECTRO-ÊTRE 2010: CALL FOR PROPOSALS**

### *ELECTRO-PROJECTIONS*

The *Electro-Projections* screening program showcases boundary-nudging film, video, animation and documentaries that engage with new technologies, reveal elusive sub-cultures, investigate audio-visual relationships, explode narrative possibilities, explore performance on screen or apply experimental techniques. This is the ideal platform for your experimental screen works.

Applications are now open for video works by emerging and established arts practitioners of any nationality. Please note: while we do not pay a fee for inclusion in the *Electro-Projections* screening program, these works will be included on a compilation DVD that is toured internationally to selected festivals, galleries and other venues with screening programs. As such, the program represents an excellent opportunity for you to showcase your work in Australia and overseas.

### *ELECTRO-ÊTRE*

The *Electro-Être* (être: (fr) to be) screening program is intended as platform for showcasing documentation of live art that includes a relationship with media or technology. This screening program is intended to showcase high-quality video documentation of previously staged live artworks.

Applications are now open for video documentation of live art by emerging and established arts practitioners of all nationalities. Please note: there is no fee paid for inclusion in the *Electro-Être* screening program.

Please note:

- There is some scope for specialist one-off screenings of longer works that can be screened outside of the *Electro-Projections* and *Electro-Être* programs. Longer works can be submitted outside of these program streams. If submitting a longer work, the same submission criteria apply – with the exception of duration and stereo soundtrack. In this case, multi-channel, or 5.1 surround works will be considered. When submitting longer works, please indicate that this is a longer work and not for the *Electro-Projections* and *Electro-Être* program streams.
- Both *Electro-Projections* and *Electro-Être* screening programs will be sent to funding bodies to promote the Electrofringe festival.

### SUBMISSION CRITERIA (*Electro-Projections* and *Electro-Être*)

- Works created in the last 2 years
- Works for single-screen video
- Works must be in PAL format with 4:3 aspect ratio
- Works must have a stereo soundtrack only
- Maximum 10 minutes duration
- Works must not have been screened at previous Electrofringe festivals

### WHAT TO SUBMIT (*Electro-Projections* and *Electro-Être*)

- 1 x copy of a self-playing DVD (as PAL)
- 1 x copy of a high-quality film/video PAL DV. AVI file with aspect ratio of 4:3 (if work is 16:9 or any other widescreen format, please letterbox the work – black bars on top and bottom – and
